Simply Wi-Fi Secure™

We make growing your business easier than ever.

At Frontier, we want to help your business dream big. That's why we've created Frontier Simply Wi-Fi Secure™: a smart, easy-to-use package providing providing exceptional security features, super-fast Wi-Fi and insightful analytics.

It's one easy step to give your dream the ultimate upgrade.

INSIGHTS

Grow your business by getting to know your customers.

- Our user-friendly analytics dashboard gives you data like customer loyalty and favorite social platforms.
- Insights will help you to spend your marketing dollars more efficiently, and reach your customers where and how they want to be reached.
- Build a splash page and start re-marketing to your customers with special one-time offers and more.

SECURITY

Business at the corner of confidence and peace of mind.

- Helps protect you and your customers from malware, phishing and other threats.
- Makes adjusting bandwidth limits for customers and collaborating with employees even easier.
- Allows you to keep an eye on your business while you're off-site, and remotely control your network.

EASE

Why sweat the small stuff? That's our job.

- Our experts will get you up to speed quickly by installing the system personally and guiding you through getting started, all in one day.
- Our network operations professionals monitor all your connected devices, and notify you of potential issues instantly.
- Enjoy the simplicity of no annual contracts and a guaranteed price.

Frontier Simply Wi-Fi Secure™ brings it all together.

- Our user-friendly analytics help you get to know your customers' habits and loyalties
- Use those customer insights to optimize marketing strategies and much more
- Security features reduce risk of malware and other threats
- Expert technicians personally install and make sure you get up to speed quickly
- Count on the reliability of our lightning-fast, 100% fiber optic network
